

I am totally opposed to loosening the wisconsin No Call List!!!
If the banks want to contact me they can mail me through the USPS!!!
My phone line is something I pay for and so it is my belief that if
I choose to limit who may call me I should have that right!! I did
not purchase my phone line to be inundated by seekers of profit at
my expense.
In summary my phone line is meant to be for personal purposes and
not for commercial purposes.
So if any thing I would like to strengthen the No-Call-List so that
no solicitation of any kind may be sent to me if I opt out through
the No-Call-List;that includes politics and non-profits; they can
contact me by use of the USPS and not my personally paid for phone
line which I believe I should have some say over it since it is
payed for by me!!! Thank you Ken Nyland
